

SCHOOL DIRECT 2021 – 2022 (Elmridge UCAS Code 27YF)

ABOUT US

TRAINING WITH US

Elmridge Primary Teaching School Alliance is passionate about shaping the minds of the future.

As a Teaching School, Elmridge is at the forefront of school-led Initial Teacher Training and is uniquely placed to deliver innovative training opportunities. One of the most empowering routes into teaching is the School Direct route. It offers the opportunity to learn with and from a team of professionals in an inspirational and dedicated Teaching School Alliance. Due to strong partnerships, working across an alliance of schools, Elmridge School Direct trainees have an outstanding record since its School Direct programme began in September 2014:

- 100% employed in readiness for start of the new school year upon completion of the course
- 100% of trainees successfully completed the programme
- 90% graded as 'Outstanding'

"School direct was definitely the right choice for me with the outstanding level of training and guidance from everyone involved"
(School Direct Trainee 2014-2015)

"This year has been the most intense year of my life but at the same time everything I have experienced has been really, really rewarding and I'm so glad that I've come into teaching"
(School Direct Trainee 2015-2016)

"I cannot speak any more highly of the course and the opportunity we have been given. Being trained by professionals who are truly passionate about what they do, makes me feel I have been given such a fantastic head start. The support I have received throughout the course has been amazing"
(School Direct Trainee 2016-2017)

"My experience of the school direct route has been brilliant, I have loved being part of a small alliance and having a group of trainees to go through the experience together with ... it is clear I chose the route which provided me with the most worthwhile experience and very good training."
(School Direct Trainee 2017-2018)

"This route has allowed me to feel fully prepared to be a teacher in September. I had great support from my mentors allowing me to often take on full units of work with quite aspirational outcomes such as class assemblies. The long periods in school has also provided me with time to plan other activities I may need to prepare in my NQT year such as planning a school trip"
(School Direct Trainee 2019-2020)

Elmridge and its alliance partners, working together, have combined their expertise to continue to deliver the School Direct programme into 2021-22. This will be the alliance's 8th year of delivering its very successful School Direct Programme. The diverse representation of schools within the alliance offers a vast range of experiences giving trainees the opportunity to learn and excel.
